nomandar245@gmail.com

Fort Abbas, Punjab, Pakistan

Objective

Passionate Python developer with experience in automation, chatbots, and GUI scripting. Skilled in Selenium, PyAutoGUI, and voice-based tools like SpeechRecognition and pyttsx3. Looking to apply my skills in real-world projects and grow in automation development.

Skills

- Skilled in Python automation using Selenium, PyAutoGUI, and undetected ChromeDriver.
- Created bots for Instagram, Facebook, and LinkedIn (auto-like, follow, comment, message).
- Experienced in desktop automation and GUI scripting using PyAutoGUI.
- Built voice-controlled tools using SpeechRecognition and pyttsx3 (offline TTS).
- Proficient in building chatbots using Telegram Bot API and handling simple user commands.

Experience

- Python Automation & Chatbot Developer – Freelance (Remote)
Jan 2023 – Present (1.5 Years)
- Developed and deployed automation bots for Instagram, Facebook, and LinkedIn using Python, Selenium, and undetected ChromeDriver.
 - Built custom chatbots using Telegram Bot API for task automation, client interaction, and command-based responses.
 - Used PyAutoGUI for desktop automation and GUI control in non-browser tasks.
 - Created tools for auto-posting, messaging, following, and engagement tracking on social media.
 - Delivered time-saving solutions for small businesses, improving productivity by reducing manual work.

Education

- Intermediate in Computer Science (ICS) – Punjab College, Fort Abbas (2021 – 2023)

Position Applied

- Python Developer – Bots & Automation

Languages

Urdu – Fluent

English – Basic Communication
